Germany

**Subject: Bluetooth Qualification Test Facility Recognition**

The Bluetooth Qualification Review Board hereby recognizes CETECOM ICT Services GmbH at the test facility at the location listed above as a Bluetooth Qualification Test Facility (BQTF) having established competence and capability for scope in the following:

- Radio frequency conformance (effective June 29, 2001)
- Protocol and profile conformance (effective October 29, 2002)

The recognized testing scope is limited to competence and capability declared by the candidate BQTF and assessed during the BQTF assessment. Maintenance of recognition is based on continued fulfillment of the requirements listed in the Bluetooth Qualification Program Reference Document (PRD).

Public statements made by the BQTF regarding their BQTF recognition shall be consistent with the scope and limitations of their accreditation.

The BQTF shall maintain on the Bluetooth web a list of their test competencies and capabilities for all category A and B test cases.

The BQRB reserves the right to review BQTF recognition status annually, and at any time the BQTF's status has changed pertaining to any of the original recognition requirements. The BQRB reserves the right to suspend any BQTF recognition at any time, without notice, for cause.

Sincerely,

A handwritten signature in cursive script that reads 'Lawrence R. Jones'.
